# Petition to Preserve and Protect Elizabeth Street Garden

## Help Us Save Elizabeth Street Garden!

As a part of Elizabeth Street Garden's campaign to take direct legal action against the City of New York, we ask you to please sign this petition in support of preserving and protecting our beloved community green space. This petition is an integral part of our pursuit of litigation.

To: The City of New York  
From: [Your Name]

The undersigned hereby declare their unequivocal support for any and all efforts to preserve and protect in perpetuity the Elizabeth Street Garden located adjacent to 209 Elizabeth Street in the Special Little Italy District as open public recreational space. Each of us opposes without reservation the construction of a building of any kind on this rare open space oasis located in the middle of this densely built and populated neighborhood. We further contend that such construction on the Elizabeth Street Garden site will cause irreparable harm to the residents and businesses in this community. Finally, we urge the City of New York to heed this petition and permanently halt all efforts to build on this site now or in the future.
